## CATEGORY 5 NON-DISPLAY USE FEES: INDEX CREATION FOR REDISTRIBUTION

The Category 5 Non-Display Use Fee is charged for the Non-Display Licence for Real-Time Data Information Products and in case of Euronext Milan Delayed Data and After Midnight Data Information Products, in whole or in part, for the calculation of one or more indices that will be Redistributed. Where such index is calculated on behalf of a third party and some or all of the intellectual property rights of whatsoever nature in that index will vest in that third party or its licensors (i.e., an Index Provider Service), the Category 5 Non-Display Use Supplemental Fees will apply in addition to the Category 5 Non-Display Use Fee.

The Category 5 Non-Display Use Fee is based on the number of End Users that Use, via the Contracting Party, its Affiliates and/or one or more third parties, indices that are calculated by the Contracting Party and/or its Affiliates using the Information.

In the event that the indices, calculated by the Contracting Party and/or its Affiliates using Information, are solely Publicly Displayed (i.e., if such indices are solely Redistributed without the requirement of registration of access IDs to access and/or view such indices and no charges are applicable to access and/or view such indices), the tier of 1-10 End Users shall apply. End Users are understood to mean natural persons using the Original Created Works, at both the legal entity that receives the Original Created Works directly from the Contracting Party and/or its Affiliates, as well as those that receive the Original Created Works indirectly.

The Non-Display Use of Real-Time Data in the calculation of indices for the sole purpose of the Internal Use of such indices is categorized as Category 4 Non-Display Use and is subject to the respective [Category 4 Non-Display Use Fees](#) for Other Non-Display Activities.

The Non-Display Use of Real-Time Data in the calculation of the net asset value (or “NAV”) and indicative net asset value (or “iNAV”) is not Index Creation. Such Use is the Creation of Other Original Created Works.
